Dear Funding Applicant,

In order for us to approach your private health insurance, Medicaid or Medicare, you must submit all of the information needed to process your claim. This information is listed on the attached Funding Checklist. Please note that incomplete information can significantly delay the shipment of your device. The *Funding Checklist* is provided to help you keep track of what material is needed.

**Please Note:** Medicare **will not fund** a device for a patient receiving Hospice Care or living in a nursing or long term care facility.

Once you have collected *all* of the information, forward it to our funding department. Please hold on to your paperwork until you have everything together then **submit it all at once to:**
